3 BACKGROUND

National Health Laboratory Services [hereinafter referred to as NHLS] is a public health laboratory service with laboratories across South Africa. Its activities comprise diagnostic laboratory services, research, teaching and training, and production of sera for anti-snake venom, reagents and media.

NHLS was established in 2001 by an Act of Parliament to provide diagnostic pathology laboratory services to the National and Provincial Health Department.

The NHLS Church of Scotland Laboratory is based in a deep rural area of Msinga Municipality. Therefore, there is a need for a park home to accommodate technical staff who are doing shifts, callouts and night duty. The hospital has been very reluctant to accommodate NHLS staff. It is risky to seek outside the hospital premises. A two or three bedroomed park home will be able to accommodate two to three staff members. The hospital CEO has already allocated an area where the park home will be placed with water and power.

ANNEXURE E: National Industrial Participation (SBD5)

This document must be signed and submitted together with your bid **THE NATIONAL INDUSTRIAL PARTICIPATION PROGRAMME**

INTRODUCTION

The National Industrial Participation (NIP) Program, which is applicable to all government procurement contracts that have an imported content, became effective on the 1 September 1996. The NIP policy and guidelines were fully endorsed by Cabinet on 30 April 1997. In terms of the Cabinet decision, all state and parastatal purchases / lease contracts (for goods, works and services) entered into after this date, are subject to the NIP requirements. NIP is obligatory and therefore must be complied with. The Industrial Participation Secretariat (IPS) of the Department of Trade and Industry (DTI) is charged with the responsibility of administering the program.

1 PILLARS OF THE PROGRAMME

- 1.1 The NIP obligation is benchmarked on the imported content of the contract. Any contract having an imported content equal to or exceeding US\$ 10 million or other currency equivalent to US\$ 10 million shall have an NIP obligation. This threshold of US\$ 10 million can be reached as follows:
- (a) Any single contract with imported content exceeding US\$10 million. or
- (b) Multiple contracts for the same goods, works or services each with imported content exceeding US\$3 million awarded to one seller over a 2-year period which in total exceeds US\$10 million.

 or
- (c) A contract with a renewable option clause, where should the option be exercised the total value of the imported content shall exceed US\$10 million.

 or
- (d) Multiple suppliers of the same goods, works or services under the same contract, where the value of the imported content of each allocation is equal to or exceeds US\$ 3 million worth of goods, works or services to the same government institution, which in total over a two (2) year period exceeds US\$10 million.
- 1.2 The NIP obligation applicable to suppliers in respect of sub-paragraphs 1.1 (a) to 1.1 (c) above shall amount to 30 % of the imported content whilst suppliers in respect of paragraph 1.1 (d) shall incur 30% of the total NIP obligation on a *pro-rata* basis.

- 1.3 To satisfy the NIP obligation, the DTI would negotiate and conclude agreements such as investments, joint ventures, sub-contracting, licensee production, export promotion, sourcing arrangements and research and development (R&D) with partners or suppliers.
- 1.2 A period of seven years has been identified as the time frame within which to discharge the obligation.

2 REQUIREMENTS OF THE DEPARTMENT OF TRADE AND INDUSTRY

- 1.1 In order to ensure effective implementation of the program, successful bidders (contractors) are required to, immediately after the award of a contract that is in excess of **R10 million** (ten million rand), submit details of such a contract to the DTI for reporting purposes.
- 1.2 The purpose for reporting details of contracts in excess of the amount of R10 million (ten million rand) is to cater for multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as provided for in paragraphs 1.1.(b) to 1.1. (d) above.

3 BID SUBMISSION AND CONTRACT REPORTING REQUIREMENTS OF BIDDERS AND SUCCESSFUL BIDDERS (CONTRACTORS)

- 3.1 Bidders are required to sign and submit this Standard Bidding Document (SBD 5) together with the bid on the closing date and time.
- 3.2 In order to accommodate multiple contracts for the same goods, works or services; renewable contracts and multiple suppliers for the same goods, works or services under the same contract as indicated in subparagraphs 1.1 (b) to 1.1 (d) above and to enable the DTI in determining the NIP obligation, successful bidders (contractors) are required, immediately after being officially notified about any successful bid with a value in excess of R10 million (ten million rand), to contact and furnish the DTI with the following information:
 - bid or contract number.
 - description of the goods, works or services.
 - date on which the contract was accepted.
 - name, address and contact details of the government institution.
 - value of the contract.
 - imported content of the contract, if possible.
- 3.3 The information required in paragraph 3.2 above must be sent to the Department of Trade and Industry, Private Bag X 84, Pretoria, 0001 for the attention of Mr. Elias Malapane within five (5) working days after award of the contract. Mr. Malapane may be contacted at telephone (012) 394 1401, facsimile (012) 394 2401 or e-mail at Elias@thedti.gov.za for further details about the program.

4 PROCESS TO SATISFY THE NIP OBLIGATION

- 4.1 Once the successful bidder (contractor) has made contact with and furnished the DTI with the information required, the following steps shall be followed:
 - a. the contractor and the DTI shall determine the NIP obligation;
 - b. the contractor and the DTI shall sign the NIP obligation agreement;
 - c. the contractor shall submit a performance guarantee to the DTI;
 - d. the contractor shall submit a business concept for consideration and approval by the DTI;
 - e. upon approval of the business concept by the DTI, the contractor shall submit detailed business plans outlining the business concepts;
